

Dear Families,

Here are the links for the stop-motion videos your children create during the Wednesday Afternoon Program: Tiny Tales in Motion. There are so many videos that it is quite difficult to share them in a different way. It has been an absolute pleasure to work with your children; I gave them a lot of freedom in their creations, but a lot of responsibility as they mostly used the app and tech tools independently. Hope everyone has a great summer!

- Carolina

Tiny Tales in Motion Leader

*Please note:* The Grade 3s created such a large number of individual movies that the most feasible way to share them all was by compiling them into 3 large videos. In class, students were able to recognize their own work and that of their classmates, so we hope you enjoy seeing them all!
