

Dear Families,

Here are the links for the stop-motion videos your children create during the Wednesday Afternoon Program: Tiny Tales in Motion. There are so many videos that it is quite difficult to share them in a different way. Please know that I tried to label the videos as accurately as I could. However, your child might have helped collaborate on more videos than their name shows. It has been an absolute pleasure to work with your children; I gave them a lot of freedom in their creations, but a lot of responsibility as they mostly used the app and tech tools independently. Hope everyone has a great summer!

- Carolina
